

# Livestock Health Care Records

Farm Name: \_\_\_\_\_  
Producer Name(s): \_\_\_\_\_  
Livestock Type: \_\_\_\_\_  
Year: \_\_\_\_\_

Please list all animal health incidents and their corresponding treatment (including routine treatments such as dehorning & vaccination). All use of medications and alternative remedies must be listed. This form, or a comparable record keeping system, must be kept current throughout the year and be available for the inspector to review at your annual inspection. If a prohibited substance (antibiotics, hormones, etc) or parasiticides are used to save the life of an animal, the VOF office must be notified of this treatment, call (802)434-3821.

Date	Animal ID	Problem	Vet Used? (Y/N)	Treatment	Dates Withheld	Notes & Follow-Up
